Adverse to Bridge.

The Powell Fiscal Court in empowering the Special Commissioner to contract for bridge jointly with Clark county proceeded to tie his hands at the last. They required the citizens near the bridge and those interested to build an approach of steel without any expense to the county. A steel approach on this side of the creek would cost much more possibly than Powell's part of the bridge. It seems to the Times that this measure was added purposely to knock out the bridge. Very well, we will be in the field getting subscriptions soon and the bridge will be built if all the people interested will only help. If the people in this end of the county have to build their bridges and make other necessary improvements by private subscription, we guess it is time we are getting at it.

Locates at Stanton.

A. T. Stewart, of Morehead, Ky., an attorney, has located at Stanton, Powell county. Mr. Stewart is a graduate of the Southern Normal School and Bowling Green Business University, Law Department, with the highest honors of his class. His office is over the Powell County Deposit Bank and he can be found there at most any hour in the day. He has been a successful practitioner at the Morehead bar for the past four years and comes to us well recommended.

For Sixteen Years

Dr. Bell's Pine-Tar-Honey has been used by millions of people with perfect satisfaction. For Coughs, Colds, Asthma, in fact all throat and bronchial troubles. The ingredients are on the carton. Dr. Bell's Pine-Tar-Honey contains no habit producing drugs, and always gives satisfaction. Look for the bell on the Bottle.

Real Winter Again.

The cool weather mentioned in these columns last week culminated Saturday night with a big frost and freeze. Ice formed nearly one-half inch thick. Great damage was done to fruit which up to this time was never more promising. All, however, is not killed, and if not later injured there will probably be a half crop of apples, peaches and etc. A great deal of the corn planted was up as was Irish potatoes, both were bit to the ground, but as this does not kill corn and potatoes they are only set back a little in their growth.

This frost has done more injury than any other frost since May 16th, 1888 when even greater damage was done. All the fruit was killed everywhere in this county and was then much larger than now. The leaves on most trees were killed and new buds put out later. Walnuts were in bloom, and all were killed.

The night that Abraham Lincoln was assassinated, April 14th, 1865 marked another killing frost and freeze which has not been equalled from that date till now except in 1888. The freeze was not so hard in '88 as in '65 but everything was then out and greater damage was done for this reason.

George W. Lyle, Sr. is dangerously ill and his son, W. D. Lyle has been telegraphed for at Grain Valley, Mo. It is not thought Mr. Lyle can recover.

It will be to your interest to see our line of spring and summer suits and odd pants for men and boys before making your purchases. This seasons styles are unusually pretty and we can show you all the new colors and cuts and at prices that will interest you. Hardwick & Co., Stanton.

What are "Standard Rates."

The representative of the East Tennessee Telephone Company in conference with the Fiscal Court at Stanton laid great stress on the company's "standard rates" and which he said was \$1.65 for residence phones and \$2.75 for business phones. These standard rates caused the Harrodsburg City Council to say pack your trunk and leave town or pay a fine of \$50.00 per day, or accept the old rate. They didn't leave town, though they pulled down a few wires, and said they would leave—they did this just to try the council's nerve which was good, nor did they pay a fine of \$50.00 per day, they just accepted the old rate. At Stanford they are trying to work the same trick, the city council there says charge but \$1.00 and \$2.00 per month or leave town in 30 days; they are not gone yet. At Winchester when they talk to some of the subscribers about their "standard rates," these subscribers say take out the phone. They don't take 'em out.

Yes, the East Tennessee is a great joker, but we are glad to learn that they are striking men of nerve in some parts of the State, and right here in Clay City they have struck more of them. The joke is going to be on the East Tennessee again.

Well may the City Council of Clay City study the tactics of the East Tennessee Telephone before any kind of license or franchise in this city be granted them.

This corporation has no fixed rule for doing business except in any manner to get the most revenue. For instance, at Winchester right now you can go ten miles out in the county and find any number of telephones of this company operating for \$1.00 per month, while in the city they charge some \$1.65 and others but \$1.00. The editor of this paper knows whereof he speaks and can substantiate this statement if necessary. As stated above they seem to do business just any old way so as to rake in the most shekels.

The East Tennessee Telephone Company charges \$1.00 for residence 'phones in Winchester and in the county 10 miles from Winchester and \$2.00 for business 'phones there. The order of the Powell Fiscal Court gave them the privilege to charge the same rate here charged at Winchester but by the time the representative of the telephone magnate got through with the order and the explanation of the company's "standard rates" it was fixed so he could charge \$1.65 and \$2.75 for the same service in Powell. Slick isn't it, but it's a fact.

Seventy cents to talk to Louisville; fifty cents for Louisville to talk to Clay City. Is this right, we don't think so. Cut the East Tennessee out of Clay City or make them give us the same low rate they give any other town or county in Kentucky. The company will readily do this if they have to.

A time ago the East Tennessee

Telephone Company conspired to raise rates in a rural section ten miles from the exchange. They were getting \$1.00 but wanted more. All the subscribers in that section said take the 'phones out or give us the old rate. The 'phones remained and so did the old rate of \$1.00 per month.

In Clark county the East Tennessee Telephone Company charges \$1.00 per month for service ten miles from the exchange but for this same service they propose to charge in Powell county approximately \$3.00. This is what we fought against at Stanton, though it did no good.

Backbone is what it takes to fight the East Tennessee Telephone Company, it has always won out over them and always will. Our City Council is well supplied with backbone.

A series of meetings will be held with the Methodist church beginning the fourth Monday night in May. The Rev. C. H. Wright from Winchester will assist the pastor, the Rev. Robt. N. Bush.

Resolutions of Sympathy.

Whereas, on Friday, April 22, 1910 our beloved Brother, Carl Hall, member of Clay City Council No. 8 Jr. O. U. A. M. sustained the loss of his wife and companion by being called from this earthly suffering to a home where pain and sorrow are unknown and where the weary can ever find rest,—be it therefore,

Resolved, that this Lodge tender its full sympathy to Bro. Hall in his sad bereavement and irreparable loss and that these resolutions be spread at large on our minute book, a copy sent to the family and published in the Clay City Times.

Socialist Speaking.

Captain George M. Jackson, of Arkansas, delivered a lecture in this city Tuesday night on Socialism. He pictured the situation of this country just as it really is, but when it comes to the remedy we cannot exactly agree with him. Captain Jackson has 5,000 acres of land in Arkansas which he proposes to distribute among the tramps of the country upon the Socialistic plan.

Captain Jackson is a native of this city, his father being a member of the firm of Laywell & Jackson who operated the old iron furnace and forge mill here sixty years ago. He organized the first company of Union soldiers that ever went out from this part of the State.

Census Taking Completed.

Tom Ponders has completed the census in Clay City and returned to his home at Bowen. The report of the census enumerators must be kept from the public, but it is known that the census of this city approximates 685 which is an increase of 100 over the population ten years ago.

Busy Court Day.

Monday is County Court day at Stanton and judging from the sales advertised in the Times and the general run of business incident to the usual Court day, it promises to be a very busy one, to say nothing about the proposed creation of a new magisterial district which looks a little bit politically suspicious to the Times, but as we don't know we can't say.

President Taft doesn't seem to stand the best in his own party. In speaking of the new railroad rate bill now pending in the Senate, Senator Purcell from North Dakota in part said:

"The pending bill demonstrates that the President is strongly inclined toward the interests of the railroads. Therefore, would he not make appointments of court of commerce judges known to be favorable to the railroads?"

Mr. Purcell declared that already the country had repudiated the wisdom of the President in giving his indorsement to the new tariff law. In support of this statement he referred to the action of the Indiana State Republican convention. He pointed out that in all the five congressional elections held since the Payne bill became a law, the Republican candidates had been defeated, notwithstanding the districts had all been Republican.

Senator Cummins, Republican from Iowa, spoke against the section permitting certain agreements and against the Crawford substitute for it. Declaring his intention to denounce any legislation which nullified the anti-trust law as the provision did, he said the ultimate purpose of the legislation was to allow the railroads to fix their own rates without first submitting them to the Interstate Commerce Commission.

If this thing keeps on it looks like we had just better make it unanimously Democratic up at Washington. Five Democratic Congressmen from five Republican districts is going fast toward the ratio of "16 to 1."

London dug up over \$10,000,000 to entertain Mr. Roosevelt. Well, it was really dirt cheap at that.

Governor Willson is always complaining of the empty Treasury and the extravagant Legislature. He should remember the Legislature has never fooled away the State's money like he did when he spent \$300,000.00 for troops to be kept in different parts of the State where no trouble was, nor had ever been and all of this contrary to the law, the constitution and against the best interest of the State's reputation. But his client, the Tobacco trust must be protected at whatever the cost to the people may be.

The report comes from the Eleventh Congressional district that Caleb Powers is winning the race against the incumbent, D. C. Edwards. He seems to be a runner indeed though he had but little practice after he tried to run away from Frankfort ten years ago when he learned of a warrant for him in the Goebel conspiracy. Charles Finley, another one of the runners, who ran over into Indiana and staid until Willson pardoned him is down in the 11th too making speeches and helping Caleb run. Good runners indeed are they.

A few weeks ago Senator Aldrich, of Rhode Island, startled the Senate and the whole country by the assertion that this Government could be run on \$300,000,000 less per year, and now he says he is going to retire from the Senate. Too bad, he ought to stay long enough to teach that body how to do the work.

"Uncle Sam" recently auctioned off a lot of "moonshine" whiskey in Atlanta. If that is the sort of fellow "Uncle Sam" is, a number of patriots in the "dry" belt may develop into rock-ribbed centralizationists.

OAKLAND PIANOS

Our aim is the production of a popular, up-to-date, moderate price piano, possessing that quality of tone, worth, value and durability heretofore not found in pianos selling at comparative prices.

The officers of the Oakland Piano Co. are practical piano men whose life-long experience in the building and marketing of pianos is concentrated in the development of those essential quality features that attract the careful buyer.

Our policy is to build one style of case and one grade of piano, thereby increasing our output, reducing the cost of production to the minimum, and permitting us to offer quality and individuality in the "Oakland" piano, impossible to obtain any other way.

Our new factory is the best equipped and most up-to-date plant in the world, having an output of 6,000 pianos annually.

In tone quality in the scale, in the general construction throughout the finish, style, workmanship—and in durability, we claim the "Oakland" piano has no equal at the price.

If your dealer don't handle the "Oakland" piano, write direct to us for catalogue and Special Introductory price.

A Nicholas county mare last week gave foal to three mule colts all living and well developed. A few such animals would rival the grunting hog.

We guarantee Southerland's Eagle Eye Salve to cure common sore eyes in 24 to 36 hours. This seems strange, but it is backed by our guarantee. You run no risk and it only costs 25c.

Five hundred cattle were sold in Marion county last week at 7 cents per pound. They averaged 1,200 pounds and were bought last fall weighed 900 pounds at 4 and 4 1/2 cents, yielding the feeder a handsome profit.

The Call of the Blood for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of liver trouble. At Harrodsburg, a local option town, W. A. Bottom, a saloon keeper of Lawrenceburg, was fined \$600 and thirty days at hard labor for bringing whiskey into local option territory. When the law is thusly applied it seems to do some things if it doesn't prohibit.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema L. W. Hatrman, Burlington, Me., got in the army, and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c at Swann-Day Lumber Co.'s store.

Committee Meeting.

The Republican Committee of the Tenth Congressional district met at Mt. Sterling Saturday and decided to hold a convention in that city June 3rd to nominate a Republican candidate for Congress. John Langley is the only announced candidate, while there are others who would like to run, yet it is not probable that another candidate will develop as Langley seems to already have a cinch on the nomination.

Our spring goods are now on. Our stock is larger than ever before. We believe we can supply your wants better, and besides give you more for your money than any one else in the county. If we are correct in our belief it is to your interest to deal with us. Come and look through and see what you think about it.

NEW IDEA MANURE SPREADER

FARMERS, ATTENTION!

This Manure Spreader is different from all others. Do not buy without first investigating the merits of the same. The exclusive features not found on other machines: Drawn with coupling pole; without a clutch or cog wheel. Can be heaped in loading, the same as a farm wagon. Guaranteed to pulverize all manure (notice the three chances).

This machine is built on a common sense principle of a farm wagon,—hence is the simplest, most durable, lightest draft, lowest down (hence easy to load into) spreader on the market. Backed by ten years' experience, not an experiment. Ask for catalogue X.

THE NEW IDEA SPREADER CO., Coldwater, Ohio.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.
